\* \* \* CONCESSION OR LEASE \* \* \*

**LETTERS OF EXPRESSION OF INTEREST FOR PORT PIER 35** Request for Letters of Expression of Interest (LEI) for interim use lease at Port of San Francisco Pier 35 Passenger Terminal.

The San Francisco Port Commission has selected a developer to construct a new Passenger Cruise Terminal Complex at the Port of San Francisco on Piers 30-32. Until the new facility is completed, we are seeking compatible uses to increase revenues and more fully utilize the existing passenger cruise terminal at Pier 35.

The purpose of this request is to determine if there is interest in an interim lease of Pier 35 for marketing, managing and operating new activities and programs aside from, yet compatible with, the processing of cruise ships and passengers. The new types of uses might include, but by no means are restricted to, trade shows, festivals, social events or exhibitions. Over a five year term, the Port is seeking to receive sufficient additional revenue from these new activities to fund modest improvements such as elevators, escalators, aesthetic decorations, traffic barriers and/or pedestrian signage.

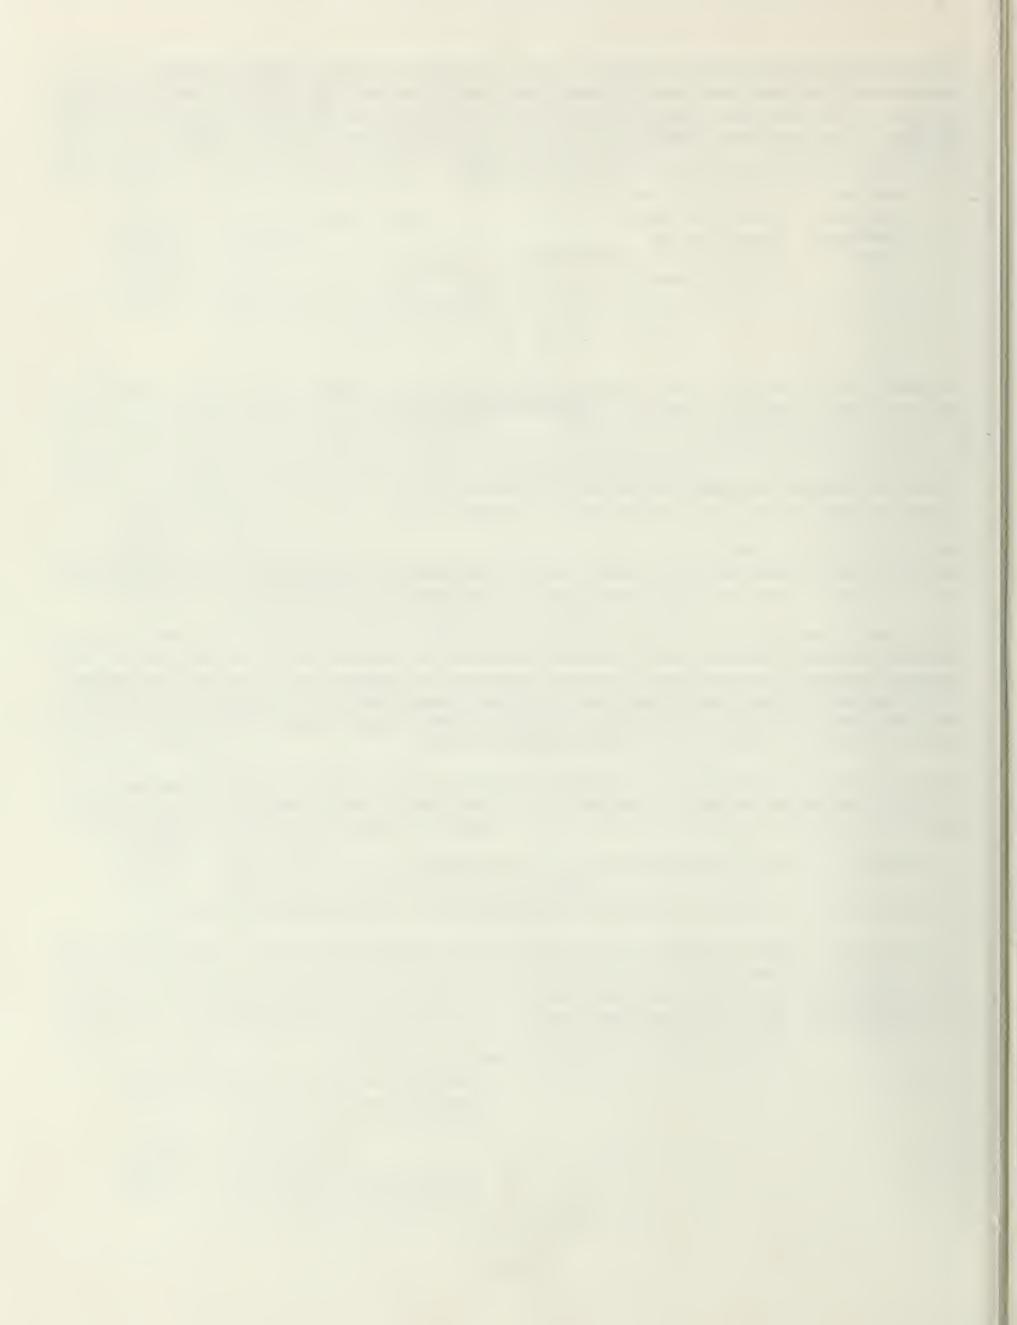

Based on expressed interest, the Port may decide to announce an RFP to competitively bid any new activity at Pier 35. Please be advised that any idea set forth in expressions of interest may be the subject of such a competitively-bid RFP.

An LEI submittal package can be obtained by calling (415) 979-5017.

A walk-through at the facility is scheduled for Tuesday, March 12, 1991, 10:00 a.m. at Pier 35.

**LETTERS OF EXPRESSION OF INTEREST FOR PORT PIER 35** Request for Letters of Expression of Interest (LEI) for interim use lease at Port of San Francisco Pier 35 Passenger Terminal.

The San Francisco Port Commission has selected a developer to construct a new Passenger Cruise Terminal Complex at the Port of San Francisco on Piers 30-32. Until the new facility is completed, we are seeking compatible uses to increase revenues and more fully utilize the existing passenger cruise terminal at Pier 35.

The purpose of this request is to determine if there is interest in an interim lease of Pier 35 for marketing, managing and operating new activities and programs aside from, yet compatible with, the processing of cruise ships and passengers. The new types of uses might include, but by no means are restricted to, trade shows, festivals, social events or exhibitions. Over a five year term, the Port is seeking to receive sufficient additional revenue from these new activities to fund modest improvements such as elevators, escalators, aesthetic decorations, traffic barriers and/or pedestrian signage.

Based on expressed interest, the Port may decide to announce an RFP to competitively bid any new activity at Pier 35. Please be advised that any idea set forth in expressions of interest may be the subject of such a competitively-bid RFP.

An LEI submittal package can be obtained by calling (415) 979-5017.

A walk-through at the facility is scheduled for Tuesday, March 12, 1991, 10:00 a.m. at Pier 35.

**LETTERS OF EXPRESSION OF INTEREST FOR PORT PIER 35** Request for Letters of Expression of Interest (LEI) for interim use lease at Port of San Francisco Pier 35 Passenger Terminal.

The San Francisco Port Commission has selected a developer to construct a new Passenger Cruise Terminal Complex at the Port of San Francisco on Piers 30-32. Until the new facility is completed, we are seeking compatible uses to increase revenues and more fully utilize the existing passenger cruise terminal at Pier 35.

The purpose of this request is to determine if there is interest in an interim lease of Pier 35 for marketing, managing and operating new activities and programs aside from, yet compatible with, the processing of cruise ships and passengers. The new types of uses might include, but by no means are restricted to, trade shows, festivals, social events or exhibitions. Over a five year term, the Port is seeking to receive sufficient additional revenue from these new activities to fund modest improvements such as elevators, escalators, aesthetic decorations, traffic barriers and/or pedestrian signage.

Based on expressed interest, the Port may decide to announce an RFP to competitively bid any new activity at Pier 35. Please be advised that any idea set forth in expressions of interest may be the subject of such a competitively-bid RFP.

An LEI submittal package can be obtained by calling (415) 979-5017.

A walk-through at the facility is scheduled for Tuesday, March 12, 1991, 10:00 a.m. at Pier 35.
